SUMMARY

As an innovative software developer, I specialize in creating efficient and scalable solutions for complex problems. With a keen eye for detail and a commitment to delivering high-quality code, I am driven by the belief that technology has the power to transform lives and create positive change on a global scale.

WORK EXPERIENCE

SOFTWARE DEVELOPER
Feb, 2024 - Present

Brandsmashers Technologies

- Implemented cost-effective solutions, resulting in a 20% reduction in project expenses.
- Streamlined project workflows, enhancing overall efficiency by 25%.
- Led a team in successfully delivering a complex engineering project on time and within allocated budget.
- With a versatile background spanning mobile app development, MERN stack, and Java, I bring a comprehensive skill set to drive innovation and efficiency within our team.
- Lead and mentor a team of developers, fostering a collaborative environment that encourages innovation and excellence.
- Oversee end-to-end project execution, from requirement gathering and architecture design to deployment and maintenance.
- Troubleshooting complex issues and ensuring seamless project continuity through meticulous debugging and proactive resolution

JUNIOR SOFTWARE DEVELOPER
MAY - NOV 2023

HPS Lab Designs Pvt. Ltd. (Ajjas)

- Comes up with their own product which prevents accidents.
- Works closely with the production team.
- Collaborated with the Quality Assurance (QA) team to identify and resolve issues, ensuring that the software releases were of the highest quality and met the company's stringent standards.
- It has been a fantastic learning journey, where I have been exposed to a diverse range of technologies and methodologies.
- My contributions ranged from implementing new features to resolving bugs and ensuring the overall stability of the application

JAVA MENTOR
MAY - NOV 2023

Sheryians Coding School Pvt. Ltd.

- Guided students in mastering Core Java concepts, offering support in solving complex programming challenges.
- Helped students develop efficient, optimized solutions to problems by teaching best practices.
- Ensured a solid understanding of fundamental programming principles through personalized guidance and clarification.

SKILLS

Java   JDBC   MySQL   Spring Boot   XML   Android Development   HTML5   CSS3   Javascript   Nodejs   Expressjs   Mongodb   Websocket   React/Nextjs   React Redux   React Native   Git/Github   Figma   Android Studio

PROJECTS

◎ **AJJAS (ANDROID APP)** **Visit**
React Native, Nodejs, Mongodb
A live working app available on playstore which is mainly related to GPS tracking where all your rides will tracked and also provide safety features including accident, theft or emergency notifications to the registesterd contacts.

React Native, Nodejs, Mongodb, Websocket
Chatterbox is a fully functional application designed for seamless chatting experiences. Leveraging WebSockets for real-time communication, Chatterbox ensures instant message delivery and responsiveness.

◎ **MEDIUM CLONE** **Visit**
Reactjs, React Redux, Nodejs
A clone of popular website i.e. medium.com, which is an blogging web app. In this we can upload, delete, and read blogs as well.

◎ **TTS (TEXT TO SPEECH)** **Visit**
Reactjs, Nodejs, Mongodb, Socket.io
This app is basically used to convert text into speech but one more feature associated with it, that is chatting app.

EDUCATION

BACHELORS OF TECHNOLOGY IN INFORMATION TECHNOLOGY **(2020 - 2024)**
RAJIV GANDHI PROUDYOGIKI VISHWAVIDYALAYA [RGPV]
CGPA: 8.78

HIGHER SECONDARY EDUCATION (12TH) - PCM **(2019 - 2020)**
G B PANT HIGHER SECONDARY SCHOOL, SWADESH NAGAR, BHOPAL
PERCENTAGE: 84%

ACCOMPLISHMENTS

- Awarded 5-Star Coder status in Java and SQL on HackerRank, recognizing proficiency and expertise in these programming languages.
- Successfully cleared Skill certification tests in CSS & SQL on Hackerrank.
- Demonstrated proficiency by solving over 200 questions on LeetCode.
- Achieved 1st rank in the Java Code Marathon.
- Won the championship trophy at the Bhopal Vigyan Mela 2023, outperforming 96 teams in a high-stakes science and technology competition.
- Advanced to the 2nd round in the VJH Hackathon.

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management, Structural Analysis, Problem solving.
- **Languages:** English, Hindi
- **Certifications:** Java programming, SQL
- **Awards/Activities:** Received the Award for outstanding contributions to project innovation in bhopal vigyan mela 2k23, Received award for coordinating state level Carnival Fest 2k20 in collaboration with Kalpana Chawla Club.
